That Inhibit Growth And Metastasis..	:	

This is in response to the "Response To Decision On Petition" filed on 28 April 2004.

DISCUSSION

In a decision mailed on 31 March 2004, a "Request For Withdrawal Of Abandonment" filed on 24 December 2003 was dismissed without prejudice because

petitioner has not submitted copies of the appropriate docket records. Petitioner has submitted a copy of a "Patents Incoming Mail Log Per Action Mail Date," but this is not the required relevant docket record. Rather, petitioner must provide a copy of the docket record showing where the Notification of Missing Requirements would have been docketed for response had it been received - more specifically, a docket record showing all cases docketed for response on or before 04 March 2002. In the absence of such relevant docket records, it would not be appropriate to grant the petition at this time.

The instant renewed petition is accompanied by a copy of appropriate docket records. As such, petitioner has now provided an adequate showing under the practice described at MPEP 711.03 (c).

DECISION

The petition is **GRANTED**.

The Notification of Abandonment (Form PCT/DO/EO/909) mailed on 24 November 2003 is hereby **VACATED**.

This application is being returned to the National Stage Processing Branch for further

processing. A copy of the Notification of Missing Requirements (Form PCT/DO/EO/905) originally mailed on 04 January 2002 is attached hereto. Applicants are required to satisfy all of the requirements of the Notification of Missing Requirements within **TWO (2) MONTHS** of the mailing date of this decision. Extensions of time are available under 37 CFR 1.136(a). Failure to timely reply will result in **ABANDONMENT** of this application.
